

Hi there!

We are Patrick (Pat) and Bailey. We know that you will be looking at countless letters and profile books trying to choose the best possible family and life for your child, and we are sure this is a very overwhelming process for you. We realize that the decision to place your child for adoption is one of the greatest challenges that you may ever face. There are no words to describe your loving, brave, and selfless act. So thank you for taking the time to look into our lives. We hope that looking at our Adoption Profile Book allows you to envision a home for your sweet child.

We have been together for eight years, of those eight years, we have been married for two years. Our relationship was built on a friendship, and we have grown together through love, laughter, tears, and trust. Together, we enjoy fishing, playing cornhole, tending to our garden, playing with our two dogs, and playing softball. We also enjoy things like snowboarding, sledding, camping, and building things together. We look forward to sharing these hobbies and creating new hobbies with our children. Both of us grew up in a small town in Nevada. Pat grew up with his four siblings, and was raised by his father and step-mother. Bailey grew up on a ranch for the majority of her childhood with her three siblings and was raised by her father and mother. To us, nothing is more important than family, and we are so excited to build a family of our own. We have a total of twelve nieces and nephews, and we spend a lot of time with all of them. We have many family traditions, and we hope to continue creating more. We live in a very safe town with many parks and schools. Our home is down the street from one of the largest parks and one of the best Elementary Schools in town. Our neighborhood is quiet and welcoming, with children always roaming around. We live within a five minute radius from the majority of our family and many of our friends.

We can't promise that we will do everything right or that we will be perfect, but we can promise that we will love your child unconditionally and endlessly. We will always put their needs above our own and will be their biggest fans. We promise to devote our lives to providing your child with all the love, security, and joy we can offer. To give them a childhood full of core memories and a lifetime full of love. We promise to share their adoption story with them. They will always know where they came from and how much love you have for them. We promise to nurture your child and guide them through every step of life. To allow them to be who they want to be, to show them right from wrong, and to show them how beautiful this world is. We vow to encourage them to chase their dreams. We will be a stable rock in their lives no matter what hurdle they face. To be there for them and share with them through all their good and hard times. Most of all, we want you to know that your child will never go a day without knowing how loved they are. They will never doubt how much they are loved by us, our friends, our family, and you. You will always be an integral part of their life, and we plan to raise them with the understanding and appreciation for the tremendous sacrifice you made out of love.

PATRICK & BAILEY

With All Our Love

You don't know us yet, but we have been praying for you for quite some time. We are Patrick and Bailey! We are so grateful that you are taking the time to explore our life and family! We are sure this is such a scary and overwhelming experience so we want to say thank you for considering adoption, it takes a strength and courage that most could only imagine and we truly admire you for that.

Hi There!

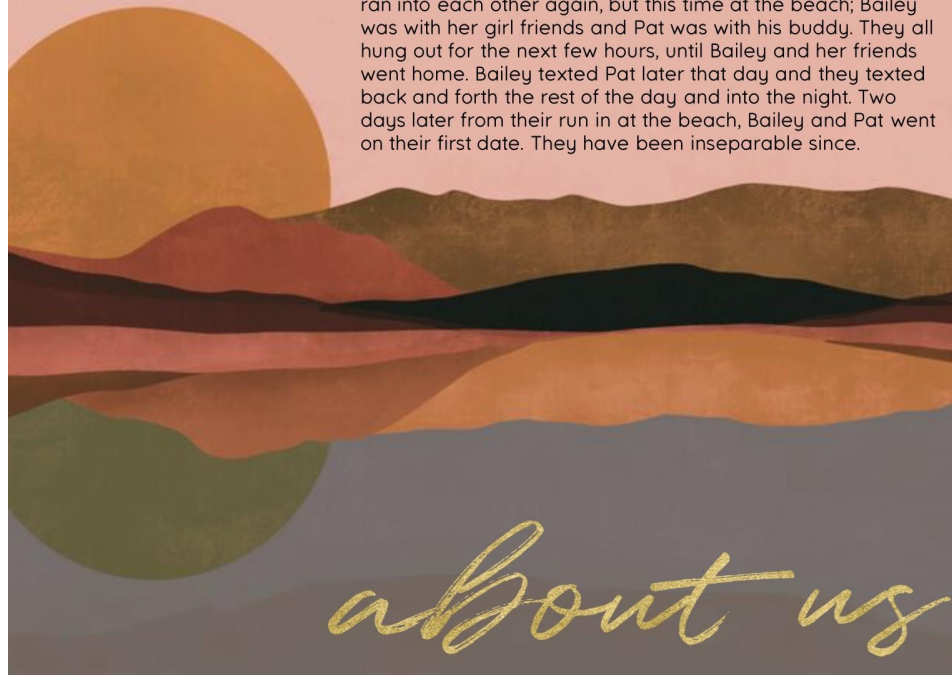

We are so excited to share our story with you! We hope this glimpse into our life allows you to envision your child in our family. We would be honored to work with you in creating a beautiful life filled with unconditional love for your child. We know that you will do what is best for you and your baby, so please know that no matter what you choose, we wish you both the absolute best.

HOW WE MET

Patrick and Bailey have been together going on eight years and have known each other for much longer. Patrick was on the high school wrestling team with Bailey's oldest brother back in 2008 and 2009. Bailey had a huge crush on Pat, even back then. In 2014, Pat and Bailey became friends through a mutual friend. The three of them would occasionally text or FaceTime. But after a while the three of them lost contact. Fast forward to the summer of 2015, Pat and Bailey saw each other at a country concert. They hung out for a few hours that night and then they went on their ways. Two days later they ran into each other again, but this time at the beach; Bailey was with her girl friends and Pat was with his buddy. They all hung out for the next few hours, until Bailey and her friends went home. Bailey texted Pat later that day and they texted back and forth the rest of the day and into the night. Two days later from their run in at the beach, Bailey and Pat went on their first date. They have been inseparable since.

a little about

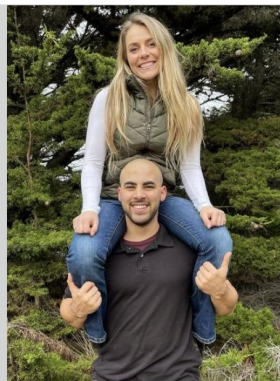

PATRICK

Pat grew up in a small town in Nevada. He has four siblings; one brother and three sisters. He is now an Uncle to five nephews and seven nieces. Pat loves to fish, play softball, and go camping. Pat wrestled in high school and in college. Pat enjoys riding his motorcycle, playing Cornhole, and spending time with our families. He graduated high school in 2011, received his Bachelor's degree at the University of Nevada, Reno, and is currently in working to become a journeyman electrician.

WHAT PAT THINKS OF BAILEY

Bailey is one of the most caring people I know. She is always going above and beyond to help others, and she is constantly encouraging others, myself included. Bailey has a love for people, and an even deeper love for baby animals and children. She loves all our nieces and nephews with everything she has, and I know that she will continue to pour that love into our child. Bailey strives to be the best at everything she does, whether it is learning new roles and tasks in her career, perfecting a new fishing technique, or going out of her way to make sure I am doing well. I know Bailey will never stop working to be the best person that she can be, and those are just a few of the many things I love about her.

What Bailey Thinks of Patrick

I have always said that Pat is a ray of sunshine even on the cloudiest of days. Pat is the best person that I know, he has the biggest heart and would do anything for anyone. He is my best friend and I truly don't think I would be the woman I am today without him. He is ambitious and smart, he is kind and outgoing. He is shy when you first meet him, but once you get to know him, he is someone you always want to be around. He is funny brave and strong. I admire everything about him and I feel like the luckiest person in the world to have him by my side. He loves with every part of him and I think that is one of his biggest strengths. He is the best uncle and I think he is going to be the best dad. He stands up for what he believes in. He is witty, bold, and driven. Pat is very hard working and one of the most reliable people that I know. He is loyal, and is a great listener. My husband is my greatest support, my rock, and my strongest motivation. He is a great friend and an even better husband. I know with all of my heart that he will be everything our children need him to be and more.

HOME

HOME SWEET Home

Bless our homes

We live in a family oriented neighborhood, with many parks, and one of the best elementary schools in the district. We live within five minutes from most of our family. It is a very quiet and safe street. Our home is a single story and has three big bedrooms and two bathrooms. We have a large fully fenced and landscaped backyard with a green house where we plant our vegetables and fruit. We spend the majority of our time in our yard gardening, playing with the dogs, or playing yard games.

Our house just wouldn't be a home without Moose and Copper!

We have two dogs; Moose and Copper. Moose is a 4 year old black lab. He loves to swim, play with toys and eat. Copper is a 3 year old golden retriever. He loves tennis balls, chasing Moose around the backyard, and belly rubs. Both dogs are very loyal and love giving kisses.
